Russia warns US, S Korea & Japan against alliance targeting N Korea

Russian foreign minister meets North Korean counterpart in Wonsan, pledges total support

SEOUL

RUSSIA'S foreign minister on Saturday warned the US, South Korea and Japan against forming a security partnership targeting North Korea as he visited his country's ally for talks on further solidifying their booming military and other cooperation.

Russian Foreign Minister Sergey Lavrov flew to North Korea's eastern Wonsan city on Friday for a meeting with his North Korean counterpart, Choe Son Hui. Relations between Russia and North Korea have been flourishing in recent years, with North supplying troops

and ammunition to

support Russia's war

against Ukraine in re-

economic assistance.

That has raised con-

cerns among South

'Sanctions killed food deal between Russia, UN'

Moscow: Russia said on Saturday turn for military and that its agreement with the United Nations to facilitate exports of Russian food and fertilisers had collapsed due to Western sanctions over Moscow's offensive in Ukraine. A day earlier, the United Nations had said that the three-year agreement, signed in 2022 in a bid to rein in global food prices, would end on July 22. A source close to the discussions, who asked not to be named, told AFP the deal "will not be renewed" due to disagreements

buildups around North Korea.

'We warn against exploiting these ties to build alliances directed against anyone, including North Korea and, of course, Russia,' he told reporters, according to Russia's state Tass news agency.

The US, South Korea and Japan have been expanding or restoring their trilateral military exercises in response to North Korea's advancing nuclear program. On Friday, the three countries held a joint air drill involving US nuclear-capable bombers near the Korean Peninsula, as their top military officers met in Seoul and urged North Korea to cease all unlawful activities that threaten regional security.

North Korea views major US-led military drills as invasion rehearsals. It has long been argued that it's forced to develop nuclear weapons to defend itself from US military threats.

Lavrov said Russia understands North Korea's decision to seek nuclear weapons. "The technologies used by North Korea are the result of the work of its own scientists. We respect North's aspirations and understand why it is pursuing nuclear development," Lavrov

Choe said North Korea 'unconditionally' supports Russia's fight against Ukraine.
